

# ***PAINTING THE WINTER LANDSCAPE***

## ***with JANE PENFIELD***

### **An online PASTEL WORKSHOP**

**Saturday  
February 6, 2021**

**10 am – 4 pm**  
with lunch break midway

**\$45/participant**

**Zoom Workshop**

#### **Description:**

Learn how to create beautiful winter landscapes with their long shadows in glorious blues and purples under subtle winter skies. The Manchester Art Association is pleased to offer this Zoom workshop, for which you'll need the use of a computer, laptop, or iPad. Participants will arrange their own set-up at home and supply their own choice of subject photos. A Zoom link and supply list will be emailed to you upon receipt of your registration.

Jane will begin with a demo, describing her techniques as she paints. The interactive nature of Zoom will allow communication between instructor and students. Jane will welcome questions as she works. Prior to the lunch break, participants will do a small color study. Following lunch, students will work from their small color studies to begin a larger piece.

Midway through the afternoon session, students will take a cell phone photo of their work in progress and email it to Jane, who will use 'breakout rooms' to help each student individually. Work will continue to the end of the day. Students will then photograph their work once more and send it to a designated email address so that they can be posted and shared with classmates.

### About the Artist:

Award-winning artist Jane Penfield is drawn to nature, as well as to the human influence on it. She is especially attracted to elements that evoke light, drama, and emotion. Her work is an impression of light and life as she has experienced it through walking, travel, and direct observation. Jane is a teacher and exhibitor, having been juried into many prestigious exhibits. She has a long list of awards and prizes to her credit. Many MAA members are familiar with Jane's work, and a number have taken classes or work-shops with her. Adapting to the Covid situation, Jane offers online classes and thus is experienced in the use of Zoom as an instructional medium.
